

## MEGAHALEMS **RED** SERIES, **BLUE** SERIES

Bored with silver or black? Looking to match your Gigabite or Asus motherboard with a gorgeous new Megahalems? The new Red Series and Blue Series Megahalems make for a stunning look when paired with a matching colored motherboard! Black pipes run up through gleaming fins that dazzle the eyes and unite your system in one continuous cascade of color!

### ■ Features

1. Heatpipes are lined up in a straight line to prevent air back-draft, allowing air to easily pass through the heatsink body.
2. Fin gaps have been mathematically calculated to maximize best air-to-surface ratio.
3. Includes easy-to-apply high grad thermal compound, PK-2.
4. Both 120mm and 140mm fan can be mounted on it.

### ■ Specification
