

MAGNETIC PIN

The Magnetic Pin is a unique rubber pin that magnetically attaches your system fan to your case. The special composition of rubber will absorb vibrations and reduce fan noise. The magnets embedded in the pin allow you to quickly install and remove your fans as needed, no tools required! Comes in two colors, choice of black or blue.

1. Vibration absorbing; noise reducing.
2. Tool-less Installation/Removal.
3. Magnetically attaches to case.
